## 1 - Introduction

Professional Elgg Theme, will change the Look And Feel of your social network, giving to you the possibility to customize at pleasure but never losing the professional style that your social network deserves.

To make that possible “**Keetup Development**” thought in this product and organized all the elements to have an intuitive way for the end user, giving an unique experience, so them never stop to share or socialize.

## 2 - Installation

You will receive a compressed file called “**theme\_professionalelgg18.zip**” which will only work for Elgg 1.8 release or higher.

### Installation Steps:

1. Unzip the file “**theme\_professionalelgg18.zip**” inside the “**mod**” folder of your network, the path of the module should be like this  
“**NETWORK\_PATH/mod/theme\_professionalelgg18/**”.
2. Go to admin panel in the Elgg social network, the access URL is the following one  
“[http://NETWORK\\_SITE\\_URL/admin/](http://NETWORK_SITE_URL/admin/)” then click on the “**Plugins**” submenu which will redirect to “[http://NETWORK\\_SITE\\_URL/admin/plugins](http://NETWORK_SITE_URL/admin/plugins)”.
3. Enable the module “**Professional Elgg Theme {VERSION\_NUMBER}**”.
4. Remember that the plugins order listing, is important, we recommend to put this in the bottom of the list, just drag and drop.
5. Start to enjoy the theme.

## 3 - Configuration

### 3.1 - Change the home site content

With this new theme, you should be able to change the home site content when the user is not logged in.

That option is in the submenu of the administration “Configure -> Appearance -> Theme - Home HTML” ( [http://NETWORK\\_SITE\\_URL/admin/appearance/home](http://NETWORK_SITE_URL/admin/appearance/home) ).

You can revert the changes clicking in the “Restore” button.

You also can change the Logo, giving a valid URL in the LOGO URL.

### Administration Panel

The screenshot displays the 'New Elgg site Administration' interface. At the top, a dark header bar contains the title 'New Elgg site Administration' on the left and the user status 'Logged in as Social Admin | View site | Log out' on the right. The main content area is titled 'Appearance : Theme - Home Html'. It features a 'Logo Url:' field with the value 'http://local/elggdemo18/mod/theme\_professionalelgg18/graphics/custom/logo.png' and a note: 'The logo size could be: Max height: 59px / width: 143px (The width could be larger or smaller)'. Below this is a 'Home Html Body:' section containing a large text area with HTML code. The code includes a table structure, a contact form section with fields for company name, address, city, location, country, phone, and mobile number, and a footer section. At the bottom of the text area are 'Save' and 'Restore' buttons. On the right side of the panel, there is a sidebar with two main sections: 'Administer' and 'Configure'. The 'Administer' section includes links for 'Dashboard', 'Users', 'Statistics', and 'Utilities'. The 'Configure' section includes a dropdown for 'Appearance' (which is expanded to show 'Menu Items', 'Edit Profile Fields', 'Default Widgets', 'Theme - Home Html' (selected), and 'Theme - Style Settings'), a 'Plugins' section with a 'Settings' link, and a 'Develop' section with a 'Tools' link. At the very bottom, a dark footer bar contains links for 'Administration FAQ', 'Administration Manual', 'Elgg Blog', and 'Elgg Community Forums'.

## Home HTML Body Changed:

## 3.2 - Change the Look And Feel of the Site

We can change the colors of the network and also can change the font sizes used in the site.

To make that possible we should go to the admin panel “Configure -> Appearance -> Theme - Style Settings” ( [http://NETWORK\\_SITE\\_URL/admin/appearance/style](http://NETWORK_SITE_URL/admin/appearance/style) )

We can change the background colors, border colors, font sizes, etc, you really can customize a lot of parts over here.

The screenshot displays the 'New Elgg site Administration' interface. The top navigation bar includes the title 'New Elgg site Administration' and user information 'Logged in as Social Admin | View site | Log out'. The main content area is titled 'Appearance : Theme - Style Settings' and contains several configuration options, each with a label, a small preview icon, and a text input field:

- base-font-size**: Input field containing '12px'.
- base-color**: Input field with a dark gray preview icon.
- base-line-height**: Input field containing '16px'.
- base-link-color**: Input field with a blue preview icon.
- base-border-color**: Input field with a light gray preview icon.
- base-light-text-color**: Input field with a light gray preview icon.
- body-background**: Input field with a dark gray preview icon.
- cont-width**: Input field containing '990px'.
- header-height**: Input field containing '59px'.
- header-background-color**: Input field with a dark gray preview icon.

The right sidebar contains three sections:

- Administer**: Includes links for 'Dashboard', 'Users', 'Statistics', and 'Utilities'.
- Configure**: Includes a dropdown for 'Appearance' (expanded) with sub-links for 'Menu Items', 'Edit Profile Fields', 'Default Widgets', 'Theme - Home Html', and 'Theme - Style Settings' (selected). It also includes links for 'Plugins' and 'Settings'.
- Develop**: Includes links for 'Settings' and 'Tools'.
